I m trying to find the bright part of your story  
**C/G** **G** **C/G**  
But it leaves me with the feeling of defeat  
**G** **C/G** **G** **Em**  
And yes I know its really not my place to worry  
**Am** **C/G** **Em**  
But you got too close, you got too close to me  
  
**C/G** **G** **D**  
And now I ve gotta tell you that I ve never been more disappointed  
**C/G** **G** **D**  
I ve gotta show you, that every time you fall behind it breaks my heart  
**C** **G** **Em** **Am** **C** **G** **Em** **Am**  
So it s time somebody got hard on you (time somebody got hard on you)  
**C** **G** **Em** **G**  
Yes it s time somebody got hard on you.

It s not for you, but for the ones that love you  
Me I m not one but I love the ones that do  
And yes I know its really not my place to change it  
But I got too close, I got too close to you

And now I ve gotta tell you that I ve never been more disappointed  
I ve gotta show you, that every time you fall behind it breaks my heart  
So it s time somebody got hard on you (time somebody got hard on you)  
Yes it s time somebody got hard on you.  
It s time somebody got hard on you.(time somebody got hard on you)  
Yes it s time somebody got hard on you.
