

The Heart Of Dixie
Danielle Bradbery

This is my first chord, so sorry if it is messed up. I know this is not in the same key she sings it in, but it still works!

[Verse]

G **C** **D**
She had a dead-end job at the national bank
G **C** **D**
And a deadbeat husband who always drank
G **C** **D**
So when he didn't come home she had the gin to thank
Em D G C
For the tears in her eyes
Em D G A
So Dixie packed up and said her goodbyes...

[Chorus]

G C D
And she went driving so far away nobody's gonna find her
G C D
Flyin' just fast enough to leave it all behind her
Em D G C
But she didn't know till she hit the road, deep in her soul
Am
She's got the fire and the fight of a gypsy
C D
Ain't nothin' stronger than the heart of Dixie
G C D (heart of Dixie)
G C D

[Verse]

G **C** **D**
It's a funny thing when your world falls down
G **C** **D**
It's got a way of showin' you what you're all about
G **C** **D**
Now Dixie's got her wheels pointed south
Em D G C
And she ain't never lookin' back
Em D G A
Nobody knew she was brave like that

[Chorus]

G C D
And she went driving so far away nobody's gonna find her
G C D
Flyin' just fast enough to leave it all behind her
