For it to sound the best it depends on which octave you re singing in. For those who to sing it in the original, I suggest the chords to the left. If you want to sing it in Apple s octave, the right. But who am I to tell you what to do? Go for whatever you want. :)

Em **F**
I sense thereâ€™s something in the wind
B **Em**
That feels like tragedyâ€™s at hand
G
And though Iâ€™d like to stand by him
B **Em**
Canâ€™t shake this feeling that I have
F
The worst is just around the bend
B **Em**
And does he notice my feelings for him

F **Em** **B** **Em**
And will he see how much he means to me
B **Em**
I think itâ€™s not to be

Em **F**
What will become of my dear friend
B **Em**
Where will his actions lead us then
G
Although Iâ€™d like to join the crowd
B **Em**
In their enthusiastic cloud
F
Try as I may it doesnâ€™t last

B **Em**
And will we ever end up together
F **Em**
No I think not
B **Em**

Itâ€™s never to become
