**Danny Maseng**

[Intro]

N.C.  
Hey, you!  
Hey, you on high - come down here you on high and I on low, down low and you are high  
That s no way for a you and me to be with thee, with thou  
I thought this was a two thing, being one on one  
Not you and me divided  
My beloved is for me, you know, and I m for you  
Not me in beige and you in blue  
Hey, you - What s with the distance?  
What s with the attitude, your altitudiness?  
Come out, come out wherever you be, whatever you are,  
Whenever you is you was the wiz, the one, the star!  
Numero Uno, Domine Allah, You the name!  
Echad, no, Wachad, my  
Dharma essence, Brahmanescence, Effervescence, Rex Tremendis,  
holy Tatta Mamma sister spirit -  
Drop the veil, cause of causes - Jump the gap  
Pull up a chair, a mat, a Zafu,  
Make yourself at, uh -  
you know, what s the rush?  
The similes can wait, the metaphors can pale words, I have no words, no...  
You who are beyond compare - haven t I seen you everywhere before?  
Just kidding - no, not really  
So, talk to me, you who never tell me anything  
Let s talk...  
OK, I ll go, like, first  
So... what s up?
