

Same Old Ending

Danny Worsnop

**Em** **C**  
I ve been waiting for something to come along  
**G**  
And make me feel like I was home  
**Em** **C**  
Walking through the door and the screaming  
**G**  
Should ve been careful for what I wished for  
**F**  
It s just like I remember it with a little more resentment  
**D**  
The same old fight with the same old ending

**Em** **C**  
Sleeping on the couch on my own  
**G**  
Playing round with my guitar and a bottle of rum  
**Em** **C**  
Waiting for morning to come  
**G**  
So I can leave for work and stop coming undone  
**F**  
It s just like I remember it with a little more resentment  
**D**  
Same old fight with the same old ending

( **Em** **C** **G** )

**Em** **C**  
Call me a glutton for punishment  
**G**  
I suppose it ain t far from the truth  
**Em** **C**  
I know there s only one person to blame  
**G**  
Cause I keep coming back to you  
**F**  
It s just like I remember it with a little more resentment

The same old fight with the same old ending
