If I find my way, through the darkest of days,
F C G
Will I laugh about the things that kept me awake,
C Am
But if my greatest fears paints itself so crystal clear,
F G G
Will I runaway, Will I hide...

F C
And if I dont come home tonight
F Am
Just know I tried my best to fight
F C G
Please don t think I planned to lose to the night.
F C
And curse the moon so dull and bright
F Am
My heavy soul can t stand the light
D
It burns me straight to the bones,
Dm
My bones...

C Am
In the desert sun I watched my nerves come undone,
F C G
One by one like strings they tangled into knots.
C Am
Ever since that day, deep in Santa Fe,
F C G
I ve learned to hate myself for giving everything away.
