

**I Got Nothin**  
**Darius Rucker**

Standard Tuning  
strumming is pretty easy to figure out  
any corrections just tell me  
enjoy

[Verse]

**A**

Its my third cup of coffee

**E**

The fifth time I said Im sorry

**Bm**

The sun slowly peaks in through the glasses

**D**

Says weve been up all night

**A**

We all know where this is going

**E**

Its been a long time coming

**Bm**

Is it really over

**D**

Is really goodbye

**E**

Maybe I should say something

**D**

Maybe you change your mind

**E**

Maybe maybe

**Bm**

Buy a little more time

[Chorus]

**A**

But I got nothing

**E**

No magic words

**Bm**

To stop you leaving

**D**

To end this hurt

**A**

Im just blank

**E**

Im starring in a space

**Bm**

**D**

Prying, please please let me think of something

**A**

Cause I got nothing

[Verse 2]

**A**

I watch you pack your things

**E**

You look down at your ring

**Bm**

Slowly slipping off and lying on our bed

**D**

Maybe I should peak it up

**A**

And get down on my 1stchords knees

**E**

Tell you what you want to hear

**Bm**

**D**

And give you what you need

[Chorus]

**A**

But I got nothing

**E**

No magic words

**Bm**

To stop you leaving

**D**

To end this hurt

**A**

Im just blank

**E**

Im starring in a space

**Bm**

**D**

Prying, please please let me think of something

**A**

Cause I got nothing

**F#m**

Youre almost at the door

**E**

And youre stopping to look around

**D**

Youre eyes are bagging me

**Dm**

Please say something right now

[Repeat Chorus]
