perceive the best of me,
stars in the skies
are witness, and their eyes
express their joy and glee,
my love.

Only you,

together in dance
and between us a lance
and before us the end,
my love.

We are the fire,

Only you
have made my destiny,
sun in your face,
my strong and tight embrace,
our wish to set us free,
my love.

Only you,
forever my girlfriend,
together in dance
and between us a lance
and before us the end,
my love
