

**She Remains
Darling Thieves**

Am

Hey you there, hey you there

C

May I buy you a drink

G

F

And bore you with the story of when I was seventeen

Am

I was a young soul with no control

C

No vision for my life

G

F

Never dreamed of family, children, nor a wife

Am

It was a cold day, maybe a Sunday

And I won't forget that day

G

I'll never forget that place

F

Am

And I won't forget that face

Am

I finished half a cigarette

C

And flicked it to the sky

G

F

It almost hit an angel standing in a subway line

Am

As I walked by, we locked eyes

C

And I've never been the same

G

F

I wish I had the courage then to ask her what's your name

F

C

And I won't forget that day

G

I'll never forget that place

F

C

And I won t forget that day

G

I ll never forget that place
