sway in the wind
Weaving their silk
  С
                           F
Regardless of what you've done
                  С
Or where you've been
They'll give ya
Beauty
See how the dragonfly
Dances through the flowers
  G
                       C
A brilliant ballet at 15 miles an hour
         F
There's no admission
C
To this vision
  G
Of beauty
        Dm
                         F
                                                            G
```

And it might be slightly different from things that you may know

                                                              D
You canâ\inmt deny thereâ\inms something special when you see the night sky glow
           G
So look out
      C
It's around
Every corner
G
                            C
There's something magical in the air
      G
                      С
Don't hide from your eyes
Or ignore
         F
There is beauty…
C
            G
Beauty everywhere
G
Check out the bees
           C
They don't buzz around for money
     G
They do it for free;
      С
Makin love, makin honey
F
```

Spreading pollen

```
How can you not fall in love?
  Dm
It might make you sneeze
        F
But you better believe
           G
It's beautiful stuff
                        C
Then thereâ\in<sup>TM</sup>s the wonder of the caterpillar
                           C
    G
The best show in town, The ending is killer!
F
                 C
There's a larval Real-life marvel
     G
To be found
Dm
It might sound cutesy
   F
But there is beauty
    G
All around
                                        F
                                                           G
       Dm
And it doesn't matter if you've got 12 eyes or you've got two
Because nothing needs any more than one- to take in the view
F
If you're preoccupied
```
