It's Over Now

**C#m** **A**  
There it goes, another one is gone  
**A** **E**  
Another try, another one is wrong  
**E** **Cm Ab**  
Where to go? What is there to say here?  
**C#m** **A**  
No one knows, I've never really felt  
**A** **E**  
Good about the hand that I've been dealt  
**E** **Cm Ab**  
What kind of game, is this anyway... here

**C#m C7** **B** **Bbm**  
I want to make a statement  
**C#m** **C7** **B** **Bbm**  
About the pictures and their awful placement  
**C#m** **C7** **B** **Bbm** **A**  
And I want everyone to see it too

**E B** **C#m** **B** **A** **C** **D**  
I tried to be someone, but I don't know how, I don't know how  
**E B** **C#m** **B** **F#** **C D** **E**  
I tried to be the one, but it's over now, it's o-ver now

**C#m** **A**  
I can see the loneliness in you  
**A** **E**  
I know it well, and everybody's got it too  
**E** **Cm Ab**  
Funny how I know I'm not alone here  
**C#m** **A**  
That's how it seems, but when I'm walking through the halls  
**A** **E**  
Everyone has reinforced their walls  
**E** **Cm Ab**  
It's no one's fault that the vision ain't at all clear

**C#m C7** **B** **Bbm**  
I don't know what is worse than  
**C#m** **C7** **B** **Bbm**  
Feeling like you're not a person  
**C#m** **C7** **B** **Bbm** **A**  
And I want everyone to sing along

**E B C#m B A C D**  
I tried to be someone, but I don t know how, I don t know how  
**E B C#m B F# C D E**  
I tried to be the one, but it s over now, it s o-ver now

**C#m Abm**  
All I ever wanted was to reach out, reach out

**C#m Abm**  
And have somebody take my hand

**C#m Abm**  
But all I ve ever gotten was locked out, locked out

**C#m Eb**  
Nobody would ever understand

**E B C#m B A C D**  
I tried to be someone, but I don t know how, I don t know how

**E B C#m B F# C D**  
I tried to be the one, but it s over now, it s o-ver

**F# C# Ebm C# B D E**  
I tried to be someone, but I don t know how, I don t know how

**F# C# Ebm C# Ab D E**  
I tried to be the one, but it s over now, it s o-ver

**Ab D E F#**  
Over now, it s o-ver now...
