

Once Upon A Time
Darren Criss

Couldn't find the chords to this awesome song anywhere, so I figured it out myself ;)
Message me if you find any mistakes! :)

Db **Ebm**
â€˜The endâ€™ never seemed like it was good enough
F# **Db**
Two little words seemed too small
Db **Ebm**
I turned the page to find a blank one
F# **Db**
As if the ones before never really happened at all

Bbm **Fm**
But what about the love, what about the old obsessions
F# **F**
We fell into when they were new
Bbm **Fm**
What about the late at night, heartfelt confessions
Ebm **F#**
The things we tried, the tears we cried
Dbm
Well it seemed to have a way

Db
I got one more part for the story book
Ebm
One more road that I shouldâ€™ve took
F# **Db**
One more thing that used to have my heart
Db
I got one more place in my memory
Ebm
When I wished that they were part of me
F# **Db**
I got to go back, go back to the start

Eb **Db**
I know itâ€™s too far down and much too high to climb
Eb
But why canâ€™t we bring it on back
Db
To once upon a time

Db **Ebm**
Here we are, standing at the finish line
F# **Db**

And I swear, itâ€™s like we came a million miles

Db **Ebm** **F#**
And if I take one more step, I will forget the rivers we crossed

Db
And how we ended will be lost if we say goodbye

Bbm **Fm**
But what about the way our faith wasnâ€™t fiction

F# **F**
It was real to you, it was real to me

Bbm **Fm**
So what about this love becomes (?)

Ebm **F#**
We were never sure of what we were

Db
But we knew we/it? could never be

(chorus)

Solo (**Db Ebm F# Db** for a few times)

But what about the way our faith wasnâ€™t fiction
It was real to you, it was real to me
So what about the ups and down, and all the misses
The things we learned, the stones we turned
Well that bridge has burned away

And now itâ€™s just one more part for the story book
One more road that I shouldâ€™ve took
One more thing that used to have my heart

Yeah I know itâ€™s too far down and much too high to climb
Oh I just wish we could bring it on back
To that once upon a time

(na na naâ€™s / same chords as chorus for rest of song)

Back to the start, back to your heart
To that once upon a time
Back to the start, back to your heart
To that once upon a time

I know itâ€™s too far down and much too high to climb
I just wish we could bring it on back
To that once upon a time

Hope you have fun with it! ;)
