

Part Of Me
Darren Criss

Song: Part of Me
Artist: Katy Perry
Performer: Darren Criss
Tabbed: Charlie Criss

Days like this I want to drive away

Pack my bags and watch your shadow fade

Am C

You chewed me up and spit me out

F F

Like I was poison in your mouth

Am C

You took my light, you drained me down

F

But that was then and this is now

Now look at me

Am C F

This is the part of me that you re never gonna ever take away from me, no

Am C F

This is the part of me that you re never gonna ever take away from me, no

Am C

Throw your sticks and your stones

F

Throw your bombs and your blows - But you re not gonna break my soul

Am C F

This is the part of me that you re never gonna ever take away from me, no

(In this part Darren make a riff with a D bar chord, so you can try too)

Am C F

I just wanna throw my phone away

Am C F

Find out who is really there for me

Am C

You ripped me off, your love was cheap

F C G/B

Was always tearing at the seams

Am C

I fell deep, you let me down

F C G/B

But that was then and this is now

(break)

Now look at me
