

**The Stars All Live At Sunnys House**  
**Darryl Purpose**

The Stars all live at Sunny s house  
By Darryl Purpose

Sunny smiled in idderdam, mother natures daughter.

**G** **Am** **G**  
Sleeping under southern skies, drinking crystal water.

**Am** **G** **D** **G**  
She awoke in kallico, among the wild flowers.

**G** **Am** **G**  
And God gave her a secret code, to spark her super powers.

**Am** **G** **Am** **D** **G**  
See the engine of the earth, the spirits of the horses.

**G** **Am** **G**  
The hands that turned the seasons round and other unseen forces.

**Am** **G** **D** **G** **D**

Chorus

And the stars all live at Sunnys house,  
**Em** **C**  
and they shined through Sunnys sky light.

**D** **G**

They show up when the sun goes down,

**Em** **C**  
and they vanish with the twilight.  
**D** **G**

Her father was a fisherman, seventh son of seven.

**G** **Am** **G**  
A twister took him from the sea upto the gates of heaven.

**C** **G** **Am** **D** **G**  
So Sunny she was sent a way to the sisters of St Mary.

**G** **Am** **G**  
Her Gospel plowers given there and a cross to carry.

**C** **G** **Am** **D** **G**  
They showed her this the road is rough and always getting rougher.

**G** **Am** **G**  
and only Jesus understands the reasons why we suffer.

**Am** **C** **G** **Am** **D** **G** **D**

And the stars all live at Sunnys house  
**Em** **C**  
and they shined through Sunnys sky light

**D** **G**

They show up when the sun goes down

**Em** **C**  
and they vanish with the twilight  
**D** **G**

Sunny lives alone now in a house that was her mothers

**G** **Am** **G**  
The voices on the radio leave her no need for others  
**Am** **G** **Am** **D** **G**

Sometimes they sit beneath the stars and count the constellations

**G** **Am** **G**  
A billion souls across sky across the generations

**Am** **C** **G** **D** **G**  
Sometimes she sees the earth explode into a thousand pieces

**G** **Am** **G**  
Sometimes she prays for Christ to come and finally release us

**Am** **G** **Am** **D** **G** **D**  
And the stars all live at Sunnys house

**Em** **C**  
and they shined through Sunnys sky light

**D** **G**  
They show up when the sun goes down

**Em** **C**  
and they vanish with the twilight

**D** **G**  
The stars all live at Sunnys house

**Em** **C**  
and they shined through Sunnys sky light

**D** **G**  
They show up when the sun goes down

**Em** **C**  
and they vanish with the twilight

**D** **G**
