

**I Need A Breather**  
**Darryl Worley**

Darryl Worley

Capo 4

I Need A Breather

(this is how Darryl plays it in concert)

**G C D G**

**G C**

I got a place that I like to slip off to

**D G**

When everything starts closin' in

**G C**

And I got some ways that the world don't agree with

**D G**

Yeah, some folks would call it a sin

**C G**

But I work like a dog and I'm good at my job

**C D**

And I live for a one-day weekend

**G C**

So I'm takin' off and I might stay all week

**D G**

Hell I may never come back again.

Chorus:

**C**

I Need A Breather, a sweet senorita

**G**

Writin' my name in the sand

**D G**

I need a break from this job and this angry boss man

**C**

Some coconut lotion, a chair by the ocean

**G C**

Just sit back and take it all in

**D C D G**

I got a fever and I Need A Breather again.

**G C D G**

**G C**

The people at work they think I'm a loner

**D G**

But I need some time to myself

**G C**

And I don't want to waste my precious vacation

**D G**

Livin' for somebody else

**C** **G**  
 Cause Iâ€™ll have a drink and I might fall down  
**C** **D**  
 And I donâ€™t think that theyâ€™d understand  
**G** **C**  
 I know it all sounds a little bit crazy  
**D** **G**  
 Well maybe thatâ€™s just what I am

Chorus:

**C G C D G C D G**

**G** **C**  
 Things fell apart down at the office  
**D** **G**  
 And Iâ€™m getting blamed for it all  
**G** **C**  
 Iâ€™ve only been back for a couple of days  
**D** **G**  
 And Iâ€™m already climbinâ€™ the wall

Chorus2:

**C**  
 Hey I Need A Breather, a stiff margarita  
**G**  
 Bring â€™em fast as you can  
**D** **G**  
 Cause I need a break from this job and this angry boss man  
**C**  
 Some coconut lotion, a chair by the ocean  
**G** **C**  
 Just kick back and take it all in  
**D** **C** **D** **G** **C**  
 I got a fever and I Need A Breather again  
**D** **C** **D** **G** **C D G**  
 I got a fever and I Need A Breather again. Yes I Do.
