Radar Detector
Darwin Deez

Despite the claims of the other tab here, it was not correct. Here s my take on
it. I m pretty sure it s almost exactly as played on the album.

```
CHORDS:
E: x 7 9 9 9 x
A: x 0 2 2 2 x
B: x 2 4 4 4 x
B*: 7 9 9 8 7 7
C#m: x 4 6 6 5 4
F#m: x 9 11 11 10 9
```

```
Riff 1                  Riff 2
b[--14----------]    b[--12----------]
g[-----13-------]    g[-----13-------]
d[--------16-14-]    d[--------16-14-]
```

Note: to get the muting effect heard in the song, do not use palm muting.
Instead,
at the appropriate frets for the chord, lightly touch the strings, much like you

would when playing harmonics. Then strum as usual.
