Better Day by Daryl McLoughlin

[Verse 1]

C Am Em F

You were wanted here, why d?you have to rome

C Am Em F

So far away from here yet you were at home

C Am Em F

You said ?The highs were bigger than the lows?

C Am Em F

Why you were going we both know

[Bridge]

Asus2 Am D

Standing up there you looked so tall

Asus2 Am D

But the taller you are the harder you fall

[Chorus]

G Em A D

If you?d just hold on for another while then we can make a better day

G Em A D

Just stay and let them know and not leave with so much to say

[Verse 2]

Spent so much time looking for what you need But you know that nothing in life is guaranteed So many good times but there no release, A cry of hope, a mutual desire, a plea for peace

[Bridge]

[Chorus] X 2
