I sort of improvised my own little intro, but it sounds kind of nice. So voila!

INTRO

**B - G# - E - G# - F#**

VERSE 1:

**B G# C# E B**  
I heard that you were home again, but you don t look like you re back to me,  
**G# C# E**

**B**  
With your focus is changing; your gaze is transfixed on a point that I can t  
often see

**G# C# E B G#**  
You ve got your new ties, I ve got my old knots, you ve got your inside lines  
**C# E B**  
But you re never happy with what you ve got

CHORUS 1:

**B G#**  
Careful now,  
**E**  
You re so beautiful  
**B**  
When you ve convinced yourself  
**G# E G# - F#**  
That no one else is quite as beautiful

VERSE 2:

**B G# C# E B**  
I heard that you were living well, but you don t look like you re living to me  
**G# C# E**  
**B**  
Though the sparkle is gone, the smile is in place so that everyone watching can  
see  
**G# C# E B**  
You ve got them all convinced, but I know it so well;

**G# C# E B**  
That you could list your friends, but you can't count on them

CHORUS 2

**B G#**  
Hold it now  
**E B**  
You've got everyone convinced that you're alright  
**G# E G# - F#**  
When no one else is quite as vulnerable

BRIDGE

**B G#**  
As soon as you got it you want something else  
**C# E**  
It's not the sale that you love, it's the sell  
**B G#**  
It's not the price that's going to cost you  
**C# E**  
It's just the weight that's going to bring you  
**B G# E**  
Down, down, down, down  
**B G# E**  
It's going to bring you down, down, down, down, down

CHORUS 1

CHORUS 2

BRIDGE

OUTRO:

**E B**  
It's going to bring you down.
