[Verse 1]

N.C.
Escape the noise to find a voice
N.C.
What kind of sound that I need
N.C.
Life in a familiar place
N.C.
What fills the void that we need

[Pre-Chorus]

E
Breathing with no air
D
Can t, hear my echoes, when
A **E**
I scream out, I m craving gravity
E
I m like a shipwreck inside
D
Stranded with no land in sight
A **E**
I need an anchor, my gravity

[Chorus]

E **D**
Even though we re not on the same star we re not far
A/C# **D** **E**
Don t have to be miles apart if you re here in my heart
D
I can feel your love from a different place, that s okay
A/C# **D** **E**
Don t have to be miles apart if you re here in my heart

[Verse 2]

Embrace the strange, close to sane
I don't belong here anyway
And passing by, or visiting
I could get used to this

[Pre-Chorus]

Breathing with no air
Can't hear my echoes, when
I scream out, I'm craving gravity

[Chorus]

Even though we're not on the same star we're not far
Don't have to be miles apart if you're here in my heart
I can feel your love from a different place, that's okay
Don't have to be miles apart if you're here in my heart

[Outro]

Don't have to be miles apart if you're here in my heart
Don't have to be miles apart if you're here (gravity)
