

Life After You
Daughtry

Here s a simple little tune from Daughtry s new CD, Leave This Town. This seems 100% accurate to me, especially since it s not a hard song to play or to tab out at all.

[Verse]

Dm **A#**
I m ten miles from town, and I just broke down
F **C**
Spitting out smoke on the side of the road
Dm **A#**
I m out here alone, just trying to get home
F **C**
To tell you I was wrong, but you already know

[Pre-Chorus]

G **A#**
Believe I won t stop for nothin
G **A#** **C**
To see you so I ve started runnin

[Chorus]

A# **F**
All that I m after
C **Dm**
Is a life full of laughter
A# **F** **C**
As long as I m laughing with you
A# **F** **C** **Dm**
And I think that all that still matters is the love and the laughter
A# **C** **Dm**
After the life we ve been through
A# **C** **Dm**
Cause I know there s no life after you

(The lead guitarist does a little solo, riff thing over top of the following chords):

Dm **A#** **F** **C**

[Verse]

Dm **A#**
The last time we talked, the night that I walked
F **C**
Burns like a light in the back of my mind
Dm **A#** **F**
I must ve been high, to say you and I
C
weren t meant to be an just wasting my time

[Pre-Chorus]

G **A#**
Oh, why did I ever doubt you
G **A#** **C**
You know, I will die here without you

[Chorus]

A# **F**
All that I m after
C **Dm**
Is a life full of laughter
A# **F** **C**
As long as I m laughing with you
A# **F** **C** **Dm**
And I think that all that still matters is the love and the laughter
A# **C** **Dm**
After the life we ve been through
A# **C** **Dm**
Cause I know there s no life after you

[Bridge]

Dm **A#**
You and I, right or wrong, there s no other one
F **C**
After this time spent on
Dm
It s hard to believe that a man with sight could be so blind
A# **F** **C**
Thinkin bout the better times, must ve been outta my mind
C
So I m running back to tell you

[Chorus]

A# **F**

All that I m after

C **Dm**

Is a life full of laughter

A# **F** **C**

And now God knows what I d do, yeah

A# **F**

All that I m after

C **Dm**

Is a life full of laughter

A# **F** **C**

As long as I m laughing with you

C

And I think that

A# **F** **C** **Dm**

And I think that all that still matters is the love and the laughter

A# **C** **Dm**

After the life we ve been through, yeah

A# **C** **A#**

Cause I know there s no life after you

[Outro]

A# **F** **C**

You know there s no life after you

A# **F** **C**

You know there s no life after you

A# **F** **C**

You know there s no life after you

A# **F** **C**

No, there s no life after you

F

Yeah

Enjoy!
