

Left without a kiss

**Dm**

**C**

Still, she smiles, the way she smiles, yeah

[Chorus]

**C**

**G**

She s talking to angels, she s counting the stars

**Am**

**F**

Making a wish on a passing car

**C**

**G**

She s dancing with strangers, she s falling apart

**Am**

**F**

Waiting for Superman to pick her up

**Am**

**F**

**G**

In his arms,

**Am**

**F**

**G**

In his arms

She s waiting for Superman

[Verse]

**Am**

**F**

To lift her up and take her anywhere

**G**

Show her love and climbing through the air

**Am**

**F**

**G**

Save her now before it s too late tonight

Oh, like a speeding light

**G**

And she smiles

[Chorus]

(pause)

**C**

**G**

She s talking to angels, she s counting the stars

**Am**

**F**

Making a wish on a passing car

**C**

**G**

She s dancing with strangers, she s falling apart

**Am**

**F**

Waiting for Superman to pick her up

**Am**

**F**

**G**

In his arms,

**Am**

**F**

**G**

In his arms

She s waiting for Superman

[Verse]

**Am**

**F**

To lift her up and take her anywhere

**G**

Show her love and climbing through the air
