When you say you love me, it s something I can feel

Your words like fire melt my heart of steel

Only you do this to me

So let s take two and turn us into three

Cause I can t grow tired of your love

Tell me baby, what can I do

To take the love you give and give it back to you

Break it down, let me know

Point your finger baby, I will go

C#m F#7

Cause I can t grow tired of your love

A E B C#m
The sun will go down, the tides will change

A E B
It seems that nothing stays the same

A E B C#m
You and me baby, we re breaking rules

A E G#
We re leaving lonely to the fools

Cause I can t grow tired of your love
