                         GIRLS TALK
                       DAVE EDMUNDS

INTRO: **B A E A** - 3x s

               C#   **B**
    There are some things you can t cover up
          F#   **C#**
    with lipstick and powder
     C#   **B**
    But I heard you mention my name
               F#   **G#**
    Can t you talk any louder
                    A#m
    Don t come any closer
                    G#
    Don t come any nearer
                  C#
    My vision of you
                    F#
    Can t come any clearer
       C# B   **F#**   **C#**   **F# G#**
    Oh I   just want to hear girls talk

             C#   **B**   **F#**   **C#**
    Got a loaded imagination being fired by girls talk
             C#   **B**   **F#**   **G#**
    It s a more or less situation inspired by girls talk
               A#m
    But I can t say
                        G#
    The words you want to hear
               C#   **F#**
    I suppose you re going to have to play it by ear
       B   **F#**   **C# F#**
    (Right here)and now
        B   **F#**
    Girls talk
               C#   **F#**

And they want to know how
   B   F#
Girls talk
         C#   F#
And they say it s not allowed
   B   F#
Girls talk

If they say that it s so
                           G#
Don t they think that I know by now?

       C#   B
That the word upon everyone s lips
         F#   C#
Stick that you re dedicated
                         B
You may not be an old-fashioned girl
        F#   G#
But you re going to get dated
          A#m
Was it really murder?
             G#
Were you just pretending?
          C#
Lately I have heard
            B F# F#
You are the living end
   B   F#
Girls talk
        C#   F#
And they wanna know how
   B   F#
Girls talk
        C#   F#
And they say it s not allowed
   B   F#
Girls talk
        C#   F#
And they think they know how
   B   F#
Girls talk
         F#
If they say that it s so
                           G#
Don t they think that I know by now?

   But I can t say
                             G#
   The words you want to hear
               C#
   I suppose you re going to have to
    F#              B    F#
   play it by ear (by ear)
               C#                             B
   There are some things you can t cover up
         F#            C#
   With lipstick and powder
                                 B

                       A#m
   Don t come any closer
                       G#
   Don t come any nearer
                     C#
   My vision of you
                     B  F#
   Can t come any clearer
      B     F#
   Girls talk
           C#                    F#
   And they want to know how
      B     F#
   Girls talk
             C#                      F#
   And they say it s not allowed
      B     F#
   Girls talk
             C#                    F#
   And they think they know how
      B      F#
   Girls talk
