INTRO: **C Bb F Bb** - 3x s

                D   **C**
There are some things you can t cover up
       G   **D**
with lipstick and powder
 D   **C**
But I heard you mention my name
            G   **A**
Can t you talk any louder
                  Bm
Don t come any closer
                  A
Don t come any nearer
                D
My vision of you
                  G
Can t come any clearer
   D C   **G**   **D**   **G A**
Oh I   just want to hear girls talk

          D   **C**   **G**   **D**
Got a loaded imagination being fired by girls talk
          D   **C**   **G**   **A**
It s a more or less situation inspired by girls talk
            Bm
But I can t say
                     A
The words you want to hear
             D   **G**
I suppose you re going to have to play it by ear
    C   **G**   **D G**
(Right here)and now
     C   **G**
Girls talk
            D   **G**

```
And they want to know how
   C       G
Girls talk
             D                      G
And they say it s not allowed
   C       G
Girls talk

If they say that it s so
                                    A
Don t they think that I know by now?

          D                      C
That the word upon everyone s lips
            G           D
Stick that you re dedicated
                                 C
You may not be an old-fashioned girl
          G             A
But you re going to get dated
              Bm
Was it really murder?
                 A
Were you just pretending?
               D
Lately I have heard
                   C G  G
You are the living end
    C       G
Girls talk
            D           G
And they wanna know how
   C       G
Girls talk
            D                  G
And they say it s not allowed
    C    G
Girls talk
             D                   G
And they think they know how
    C      G
Girls talk
          G
If they say that it s so
                                A
Don t they think that I know by now?
