

Goodbye

Dave Gahan

Intro:

A E

A E
It isn't very hard to see from where I stand there's no one to blame
A E
I opened up my eyes to see a world with so much pleasure, not pain
A E
As she looked into my eyes I knew I might not see her again
A E
We're changing and it's hard for me to stay the same

Chorus:

G E A E G E A E
She answers all the questions, things I find so very hard to say
G E
As I closed my eyes
A E G E A E
I heard her whisper goodbye
G E A E G E A E
All these questions that I'm asking feel very foolish anyway
G E A E
Goodbye
G E A E
As I turned the corner I heard her whisper again
G E A E
Goodbye

G E A G

It's what she said

G E A G

Goodbye

G E A G

It's what she said

I loved her from the first time we kissed, she tastes so great
She lit another candle and slowly fell into the flame

She answers all the questions, things I find so very hard to say
As I closed my eyes
I heard her whisper goodbye
All these questions that I'm asking feel very foolish anyway
Goodbye
As I turned the corner I heard her whisper again

Goodbye

It s what she said
