Hey guys, basically i ve put the chords to the first 2 verses+choruses but just carry those chords on :) ALSO if you want it to sound a bit better, for the never never bit , use C and Cm, i thought this would be easier though :)

No Capo - unless you want it to fit your voice, personally i use CAPO 4

**G**  
I wish I was a lost boy,  
**Em C**  
Hanging out with peter pan in a tree house  
**G**  
I d give a kiss to wendy  
**Em C**  
And tinkerbelle could teach me how to fly,  
**G**  
And I d have no cause for worries,  
**Em C**  
I d only have happy thoughts and adventures  
**G**  
Yeah I wish I was a lost boy  
**Em C G**  
Cos I never never never never never never want to grow up.  
**Em C G**  
No I never never never never never never want to grow up..  
**G**  
I remember liking birthdays,  
**Em C**  
Getting older is exciting when you re just a kid  
**G**  
But now they re just reminders  
**Em C**  
Of all the things I haven t yet achieved  
**G**  
And its not that life s unpleasant,  
**Em C**  
Yeah I ve got so much to be thankful for,  
**G**  
But still I cant stop thinking  
**Em C G**  
That I never never never never never never want to grow up..  
**Em C G**  
No I never never never never never never want to grow up..  
The middle 8 is **Em B C G x 3 D D7**  
**Em**  
And you can t deny,  
**C G**

That life as a child is easy

**Em** **C**

No bills to pay or income woes

**G**

No heartache caused by reproduction plans

**Em** **C**

What happened to my fearless days

**G**

I explored, I climbed, I thought was invincible

**D** **Am**

What happened to those fearless days, what happened to my youth?

**G**

Yeah I wish I was a lost boy

**Em** **C**

Fighting stupid pirates with wooden swords

**G**

I'd crawl until I can't talk

**Em** **C**

And we'd have loads of really epic food fights

**G**

yeah life looks great in neverland

**Em** **C**

Because imagination is a really great game.

**G**

And it might seem like bad form,

**Em** **C** **G**

Cos I never never never never never never want to grow up.

**Em** **C** **G**

No I never never never never never never want to grow up..

**G** **Em** **C** **D**

No I don't ever, I don't ever, I don't ever want to grow up

**G** **Em** **C** **D**

No I don't ever, I don't ever, I don't ever want to grow up

**G** **Em** **C** **D**

No I don't ever, I don't ever, I don't ever want to grow up

**G** **Em** **C** **D**

No I don't ever, I don't ever, I don't ever want to grow up

**C** **D**

But I'm getting old, but I refuse to grow up,

**C** **D**

cos where's the fun in that, there's no fun in that

**G**

:)
