Dave Loggins Touch Of Pennsylvania

I did this completely by ear while listening to the song.

I have been looking for these chords for months hoping I could find them, so I finally just sat down and did it hope you enjoy email me if you find an error

**F** **Am** **G** **F**  
Well the dawn is a-breakin , the highway s awaiting  
**F** **Am** **G** **C**  
Where will you take me now my long and winding friend?  
**F** **Am** **G** **F**  
So you ve gathered up my mem ries of all that you ve shown me  
**F** **Am** **C**  
And wrapped them in the colors of a rainbow s end  
**A#sus2** **F**  
Hey, it surely must be beautiful then  
**C** **F**  
You say there s all New Jersey mornings  
**F** **C** **G** **F**  
The skies are a laden with Florida sunshine  
**Am** **C** **F**  
Mountains that are grown in the corner of Carolina  
**F** **C** **G** **F**  
A touch of Pennsylvania that all but blows your mind  
**F** **Am** **G** **F**  
Among laurels and pine cones I don t need to live alone  
**F** **Am** **G** **C**  
Bring to me a lady with children to bear  
**F** **Am** **G** **F**  
Let the light of our household grow bright as we grow old  
**F** **C** **G** **F**  
Let a stranger be welcomed by a smile not a stare  
**A#sus2** **F**  
Hey, won t it be beautiful there  
**C** **F**  
Where there s all New Jersey mornings  
**F** **C** **G** **F**  
Skies that are laden with Florida sunshine  
**Am** **C** **F**  
Mountains that are grown in the corner of Carolina  
**F** **C** **G** **F**  
And a touch of Pennsylvania that all but blows your mind  
**F** **Am** **G** **F**

Well the journey o'er a long ride soon ended by a hillside  
**F** **Am** **G** **C**  
To rest there in darkness a-waiting the dawn  
**F** **Am** **G** **F**  
When suddenly before me like a fairy tale story  
**F** **Am** **G** **C**  
Unfolding in the sunlight was a sight my eyes have never known  
**A#sus2** **F**  
Hey, highway I'm glad I've come along  
**C** **F**  
I saw an old New Jersey morning  
**F** **C** **G** **F**  
Skies that were laden with Florida sunshine  
**Am** **C** **F**  
Mountains that are grown in the corner of Carolina  
**F** **C** **G** **F**  
And a touch of Pennsylvania that all but blew my mind
