LYRICS:

(Rhythm #1)

Share the time again

I spend with you

A friend is always good to have

But a lover s kiss is better than angels raining down at me

I dream of you at times when your by my side

Dream you re not just like you are

So troubled and doubling my pain

Just one more tear

You shed for me

I wish that I could climb inside your mind

And spend some time and hug and hold you

And mold you into what i d like

But no i can t do this

Just a kiss to spend a while by you

And your familiar smile and voice

(Bridge)

I lay awake

(Rhythm #2)

Then you lean back and smiling

On you

Most everything you do for me, I say

And the while let s make our way

And feel warm

In the middle of this storm with you

Like an angel

(Rhythm #1)

Oh, what the friends say is good is right

I say

When you were again
And you were my friend
Before the lie
This one
Say yes I do
And with you
Sometimes
But while I do my best
With all the rest I leave to you
(Bridge)
Can t wait for the hour
(Rhythm #2)
And when two things become this
All this trouble from a kiss from you, i ll do it
And then you come up smiling
And I m thrown
Into I get a little storm with you, I ll do it
(Rhythm #1)
Always
Lover, line up and yeah
The road to you is long and I ve been on it for a while
And a need a warm embrace
I ll take a break
(Bridge)
And say I want to leave you awake
(Rhythm #1)
Always
