

**Last Year**

**Dave McPherson**

**E**

Last year, I drank a lot

**Asus**

I drank til I fell down

**E**

Last year, I smoked a lot

**Asus**

Til my lungs turned brown

**F#**

Last year, I crawled in circles

**Asus B**

This year, I m climbing up clouds, clouds

**C#**

**Asus**

**B**

I don t know where I went wrong

**C#**

**Asus**

**B**

**Asus**

I was lost, now I m found, now you re gone, gone

**E**

**B**

Cause I m not a saint but I can paint myself into a better picture

**C#**

**Asus**

One day, you ll see me in a big, golden frame and it ll hit you

**E**

**Asus**

Last year, I promised myself I d stop writing songs about girls

But you re a woman

**E**

Last year, I let you down

**Asus**

And I know I should have been around instead of drinking in town

**F#**

Last year, I was a little boy

**Asus**

**B**

Now I feel like a young man, so many plans

**C#**

**Asus**

**B**

I don t know where I went wrong

**C#**

**Asus**

**B**

**Asus**

I was lost, now I m found, now you re gone, gone

Two, three, four

**E**

**B**

Cause I m not a saint but I can paint myself into a better picture

**C#** **Asus**

One day, you ll see me in a big, golden frame and it ll hit you

**E** **B**

So let s call it even, we ve got something to believe in and you know this

You know this is true

**C#**

I m talking to you so don t cut me out

**Asus**

I know you ve got doubts but don t be too hasty and waste me like I m wasting myself

**E**

I m sorry for last year

**C/G** **D**

I understand you and I read you like a book

**E**

And I know why you think that you ve got to do this

**C/G** **D**

You think these are all just empty words made pretty with my guitar

**E**  
Thinking that there s no way that I could ever prove this

**C/G** **D**

You re holding on to the past but it won t last

**C#**

**Asus**

Cause I know that I can make you laugh and smile

**E**  
And I know that I can make all this pain worthwhile

**C#** **Asus**

We ll take it slow but if you want to move fast, I m at your pace

**F#** **Asus**

And I know this sounds crazy but you know you amaze me

**C/G**

**D**

I ll never be lazy unless it s to be lazy with you

**C#** **Asus** **B**

I don t know where I went wrong

**C#** **Asus** **B** **Asus**

I was lost, now I m found, now you re gone, gone

**E** **B**

Cause I m not a saint but I can paint myself into a better picture

**C#** **Asus**

One day, you ll see me in a big, golden frame and it ll hit you

**E** **B**

So let s call it even, we ve got something to believe in and you know this

You know this is true

**C#**

I m talking to you so don t cut me out

**Asus**

I know you ve got doubts but don t be too hasty and waste me like I m wasting

myself

**E**

I m sorry for last year

**Asus**

Guess I ll see you around

**C#**

You don t know how much I m going to prove myself to you

**B**

**E**

With or without
