

Panheads Forever
David Allan Coe

Capo 4

I play the Dsus4 in a couple of places because it s something I incorporated and I like the way it sounds. You can leave that out if it works better for you. On the other hand, the G to C picking step that I tabbed out should be picked or at least walked up from the G to the strummed C chord.

Leaving out this part of the song is uncivilized and frowned upon in certain circles (e.g., drunken audiences).

[Verse 1]

G **C** **G**
She s hard to get started, she s always so cold
G **A7** **D**
In the mornings I find her, she s looking so old
G **C** **G** **D**
So many miles I ve been down that road once or twice

[Verse 2]

G **C** **G**
She s not much to look at when we ride thru town
G **A7** **D**
But I know when the chips fall, she won t let me down
G **C** **G** **D Dsus4 D**
She knows when to run and she don t run around on her man

[Chorus]

(slightly stronger chords)

C **G**
She s a high flyin lady, she takes me where I want to be
C **D**
There s no other woman standing between her and me
C **G**
I ll always be faithful and keep her til the end of time

G **D** **G**
God knows I ll always love that old Panhead of mine

[Verse 3]

G **C** **G**

I ve seen fancy dressers and they ve caught my eye

G **A7** **D**
I rode em to ride em then I told them goodbye

G **C** **G** **D Dsus4 D**
I flirted with Low Riders, Sportsters and Shovelheads too

C **G**
I cussed her and beat her and kicked her to just get her started
