

Pussy Whipped Again

David Allan Coe

The intro isn't hard to figure out.
Probably isn't 100%, but it's good enough for a party.

D

Pussy whipped again

A

A Fine mess I found myself in

Tryin' to be her buddy

E

Trying to make a woman my friend...

D

Pussy whipped again

A

Blame it on the whiskey and gin

E

A

Oh Lord, I'm pussy whipped again.

D

I took my male ego

A

And placed it under lock and key

E

I swore no God damn woman

A

Would ever make a fool of me.

A

Then I met this barmaid

B

And my whole damn world caved in

E

Heaven knows when she sucked my toes

D

A

I was pussy whipped again

Pussy whipped again

A fine mess I got myself in

Tryin' to be her buddy

Tryin' to make a woman my friend

Pussy whipped again

Blame it on the whiskey and gin

Oh Lord, pussy whipped again.

I knew my chauvinistic ways

Would someday make her change her mind
And sure enough she left me
And just in the nick of time

My girlfriend took me around the world
To places that I ve never been
She called my bluff
And sure enough
I was pussy whipped again

Pussy whipped again
A fine mess I got myself in
Tryin to be her buddy
Trying to make a woman my friend
Pussy whipped again
Blame it on the whiskey and gin
Oh Lord, pussy whipped again.

Pussy whipped again
A fine mess I got myself in
Tryin to be her buddy
Tryin to make a woman my friend

Pussy whipped again
Blame it on the whiskey and gin
Oh Lord, pussy whipped again.
