Eb   G#
I know you don t wanna say goodbye yet,
                    C#   Eb
But she can t survive here with just a petal
                                    G#
You still have one wish but it d be useless,
        C#   Eb
More than roses have died in this desert.
                      G#
Child, it seems that younger and younger,
      C#   Eb
They start to wipe your minds clean.
                        G#
But how, I wonder, just barely under,
    C#   Eb
Do your eyes continue sparkling?

(CHORUS)
        Bbm   C#   Eb
And I-I never want to open up your eyes, everything s broken.
        Bbm   C#   Eb
And I-I never want to open up your heart, everything s broken.

Eb   G#
I don t understand why they are gone,
      C#   Eb
Or what reason there is to be strong.
                              G#
I still try to love but I m in a place where
              C#   Eb
Doing what s right is so wrong.
                      G#
But if you see me ignore the gun,
      C#   Eb
We are still fighting for life.

```
        G#                  C#
Here s our wish just to exist
                   Eb
In more than our eyes.

        Bbm                      C#                Eb
And I-I never want to open up your eyes, everything s broken.
        Bbm                      C#                Eb
And I-I never want to open up your heart, everything s broken.

                     Bbm
Do you see what I see? Do you feel what I feel?
C#                       Eb
It doesn t matter until we see broken lives heal
                     Bbm
Do you see what I see? Do you feel what I feel?
C#                       Eb
It doesn t matter until we see broken lives heal

        Bbm      C#      Eb      Eb      Bbm
Oh......oh......oh......oh......oh......oh......

        Bbm                      C#                        Eb
And I-I found it hard to open up my mouth, will they hear what s spoken?
        Bbm                  C#            Eb
But I-I saw when I opened up my eyes, invisible children.

Bbm          C#      Eb
Broke, but not broken.
Bbm          C#      Eb
Broke, but not broken.
