Verse 1: **E-B-A/F#-A**

Accidentally, on purpose
I dropped my watch behind the tire
Threw my alarm clock inside the fireplace
Yeah, and I put the parental control on,
On the news and the weather channel
I m outside in my robe I m looking for you, oh

Refrain:

C#m
If everything d stop
B
I d listen for your heart
A
To lead me right to you, yeah
I tried every way I can

Chorus:

E
But it s harder to hold on
B
to your hands and the hands of time
A/F#
I need a hand, girl, I m trying to hold on
A
Losing strength in these hands of mine
I need you here
C#m
I m trying to hold on
B
Standing here, open hands and I
A/F#

Know I can t do this alone

A

Hold on, oh hold on

Verse 2: **E-B-A/F#-A**

I don t think this is working
Freezing so hard my hands are hurting
Ought to let go in the first place
And I put the phone on the front lawn
Everything that shows time is gone
I m outside in this cold
Still looking for you
