My Kind Of Perfect David Archuleta

I did this one by ear; it doesn t match the song on his album exactly, but it s pretty close & sounded good to me. There s always room for improvement though, so if you find anything wrong, just let me know! Also, I wasn t sure if there s an intro for this song, but just to be on the safe side it is: \mathbf{D} , \mathbf{A} , 2xReally simple. :) Enjoy! :) Α I was thinkin about ya I drew a little picture \mathbf{Em} But some things you can t put on paper Like ya like shooting stars Or write songs on guitar Em Got more things to do than stare at a mirror And I know, I know, Em She s gotta be out there, out there Em, I know, I know, she s gotta be D F:m Maybe I m wrong maybe I m right Maybe I ll just let you walk by Em What can I say, maybe I ve known you all my life Is she the one, is it today Will I turn the corner, see my future In a beautiful face Maybe

(Continue the D, A, pattern from the first verse) She s anything but typical A sweet suprise No matter what she s looking at the brightside It s gonna be worth it Cos that s what love it s I ll keep searching for my kind of perfect! $\mathbf{E}\mathbf{m}$ And I know, I know, She s gotta be out there, out there Em I know, I know, she s gotta be D Em Α Maybe I m wrong maybe I m right Maybe I ll just let you walk by Em What can I say, maybe I ve known you all my life Is she the one, is it today Will I turn the corner, see my future In a beautiful face Maybe D, A, G, Em BmThey say, give it time, give it time and it will fall in line BmBut I keep wondering how and when and why I haven t met you... *One strum Α Em But maybe I m wrong, maybe I m right D \mathbf{Em} Is she the one, is it today Will I turn the corner, see my future In a beautiful face Maybe I m wrong maybe I m right Maybe I ll just let you walk by

D Em What can I say, maybe I ve known you all my life Em Is she the one, is it today $\[$

Will I turn the corner, see my future

In a beautiful face

Maybe

(Continue D, A pattern until end)

I ll keep searching for my kind of perfect.
