Am Sometimes when you talk I don t hear a thing, don t take it wrong. Αm I look at your face and bells start to ring, then my mind s gone. Αm If I was a fire, you would make me burn eh, eh eh eh eh. It doesn t take much for you to break down my gravity. You got my heart stuck, stuck on a cloud, and I can t speak. But if I was a book, you d be every word eh, eh eh eh eh eh. Chorus: Am Twenty-five hours everyday, I got nothing else better to do Then watching the smile light your face. It doesn t get better than you. All that we need is a starlit sky and you and me. Αm Oh oh oh oh it s true, I got nothing else better to do. Eh eh eh eh eh. Am An island of green and blueberry ice, wish we were there. But you make me feel I m in paradise, anywhere. Am If I was a song, you would make me sing eh, eh eh eh eh eh eh eh eh.

                       Am
Twenty-five hours everyday, I got nothing else better to do
Then watching the smile light your face.
It doesn t get better than you.

                    Am

                       Am
Twenty-five hours everyday, eh eh.
Watching the smile light your face, yeah yeah.
Chorus:
Twenty-five hours everyday, I got nothing else better to do
Then watching the smile light your face.
It doesn t get better than you.
All that we need is a starlit sky and you and me.
Oh oh oh oh it s true, I got nothing else better to do.
С
Eh eh eh eh eh.
I got nothing else better to do.
Eh eh eh eh eh.
