Saw  
a bunch of requests for tabs on YouTube so here they are. Any

**B Bb/B G A E B Bb/B**  
You used to feel like a smoker. Shivering in the cold.

**G A E B Bb/B**  
Waiting outside the bar til the opener s over.

**B Bb/B G A E B Bb/B**  
But now you feel like a drinker - twenty days off the sauce.

**G A E B G Bb/B**  
Down at the liquor store, trying to call your sponsor.

Chorus 1

**Dmaj C#min C#min/D C**  
You used to feel like a forest fire burning,

**G Bb/B Dmaj**  
but now you feel like a child

**C#min C#min/C F X (mute all strings and strum)**  
throwing tant---rums for your turn.

Verse 2

**B Bb/B G A E B Bb/B**  
You used to feel like a prophet and everyone wanted to know,

**G A E B Bb/B**  
how you could tell the truth without losing that soft glow.

But now you feel like a preacher, evoking the flames of hell.
