I m loving you above everything I have (AAAAH AAAAH AAAH)
A **C** **G** **A** No Chord **E** **G** **C**
I m a prisoner of love(Aaaaah aaaah aaaah) -just stay square
E **G**
Like a sermon on a blues guitar
C
Love walked into town
E **G**
I was drowning so slowly
A **C**
One step in front of your shadow
A **E** **C** **E**
I m a prisoner of love but I m coming up for air

(And so on.....)

CHORUS

I smell the sickness sown in this city
It drives me to hide you, yea, even deceive you
I m so afraid for you that
I ll break any thug that maps out your passage to ruin
Even the best men shiver in their beds
I m loving you above everything I have
I m a prisoner of love-just stay square
