Tessie turns tricks with a soul like ice cause love left holes  
And four swell kids breaking her heart  
I ve got windows, I ve seen much vice, I ve touched down with vermin,  
Cowardice, lice,  
And I say

Nobody cares what you do  
please be yourself to death  
I could be your great misfortune  
But you ll never find a  
bet you ll never find a better man.

Peter met Frank formed a dummy run gang  
Worked heist or hit for 10 g s flat  
Blew heads outta shape for the name of Trotsky,  
Sinn-Fein, Hitler cashdown

No hope heroes cover this page with depts in hell  
And fingers in blood  
Poor little bodies all covered in scabs  
threw it all away

Have a life in the grave  
Have a life in the grave

Life is like a broken arrow  
memory a swingin door  
I could be your great misfortune  
Well I could make you happy every goddamn single day of your life
