WHEN I LIVE MY DREAM

**F/C** **F/C** **Gm/C**  
When I live my dream I ll take you with me, riding on a golden horse.

**F/C** **Gm/C** **F/C**  
We ll live within my castle with people there to serve you,

**F/C** **Cm7** **F** **Gm7** **C7**  
happy at the sound of your voice.

**F** **Gm7** **C** **Bb**  
May-be I ll slay a dragon for you,

**F** **Gm7** **C** **Bb**  
or banish wicked giants from the land,

**F** **Ebadd9** **Eb** **F** **Bb**  
but you will find----- that nothing in my dream can hurt you,

**Cm** **Eb** **F** **Bb** **Fm7** **C** **C7**  
we will only love each other, as forever when I live my dream.

**F/C** etc  
When I live my dream, I ll forgive the things you told me,  
and the empty man you left behind.  
It s a broken heart that dreams, It s a broken heart you left me,  
only love can live in my dreams.

Wish- and the thunder clouds will vanish,  
wish- and the storm will fade away,  
wish again-----and you will stand before me while the sky will  
paint an overture and trees will play the rhythm of my dream.

When I live my dream, please be there to meet me,  
let me be the one to understand.  
When I live my dream, I ll forget the hurt you gave me, then we  
can live in our new land.

Till the day my dream cascades around me,  
I m content to let you pass me by, **F** **Bb**  
till that day-----you ll run to many other men,

**Cm** **Eb** **Asus4** **C**

but let them know it s just for now, tell them that I ve got a dream

**D** **G**  
and tell them you re the starring role,

**Ab** **Db** **Eb** **Cm** **Ab** **Fm**

tell them I m a dreaming kind of guy-----And I m gonna make my dream-----

**Db** **C** **Bb** **F**  
Tell them I will live my dream-----

**F** **C** **Bb** **F**  
Tell them they can laugh at me-----

**F** **C** **Bb**  
But don t forget your date with me-----

**Bbm** **Ab** **Eb** **Bb** **Gb** **F**  
When I live my dream-----.
