

# Girls On My Mind

David Byrne

(4/4)

Intro.: | C | F G | ---> 4x

A                    D     E            A | D E |  
Seems like ev rywhere I go  
A                    D     E            A | D E |  
Seems like ev rything I do  
A                    D     E            A            D     E  
Seems like ev rything I dream about  
A                    D     E            A            G7  
Seems like ev rywhere I lo. . .ok

                  C     F            G     C     | F G |  
Well I got girls, girls on my mind  
                  C                    G     F            C     | F G |  
I think about them mostly all the time  
E F                    E                    | F E |  
Oh - so tell me what you d do?  
E F                    C            G7  
Oh - if you were in my shoes?

A                    D                    E     A            | D E |  
No, thank you, please, I m only looking  
A                    D                    E     A            | D E |  
I don t believe we ve met before  
A                    D                    E            A            | D E |  
I guess I ve died and went to heaven  
A                    D                    E            A            G7  
Or else I m lookin out my nose

                  C     F            G     C     F  
And I got girls, girls on my mind  
                  C                    G            F            C     | F G |  
I think about them sometimes all the time  
E F                    E                    | F E |  
Oh - well what about tonight?  
E F                    C            G7  
Okay - what about today?

B                    C            B                    G#m7  
People say that I am crazy, people say that I am strange

**Gm**                      **F#m**                      **Gm7**              **C**  
 But I don t care about what people say  
**D**                      **A**                      **A#**              **E7**  
 They can t see inside my bra. . .ain

**C**                                      **F**                      **G**              **C**              **F**  
 I ve got girls girls girls girls girls girls in my mind  
**G**                      **C**              **F**                      **G**              **C**              **F**  
 Ev ry little girl - stays in my mind  
                  **G**                      **C**              **F**                      **G**                      **C**              **F**  
 Well I don t wanna know - they re all around my mind  
                  **G**                      **C**              **F**                      **G**                      **C**              **G7**  
 Flying all around - they re all around my mind  
**E**    **F**                      **E**                      | **F** **E** |  
 Oh - and when I get to sleep  
**E**    **F**                      **C**                      **G7**  
 Oh - I pray my soul to keep

**B**                                      **C**              **B**                                      **G#m7**  
 I m the star of my own movie, honey, I m the leading man  
**Gm**                      **F#m**                      **Gm7**                      **C**  
 You might ask yourself - who is that guy?  
**D**                      **A**                      **A#**              **E7**  
 With the girls upon his mi. . .ind?

**C**                                      **F**                      **G**              **C**              **F**  
 I ve got girls girls girls girls girls girls in my mind  
**G**                      **C**              **F**                      **G**              **C**              **F**  
 Ev ry little girl - stays in my mind  
                  **G**                      **C**              **F**                      **G**                      **C**              **F**  
 I remember em all - they re all in my mind  
                  **G**                      **C**              **F**                      **G**                      **C**              **F**  
 Long, short n tall - stayin in my mind

**G7**                      **D**                      **A7**  
 Flyin all around  
                  **G**                      **D**                      **A7**  
 All around my mind  
**G**                      **D**                      **A7**  
 Flyin up and down  
                  **G**                      **D**                      **A7**  
 Goin through my mind  
**G**                      **D**                      **A7**  
 Ev ry little girl  
                  **G**                      **D**                      **A7**  
 All through my mind  
**G**                      **D**                      **A7**  
 Ev ry little girl

G D G A7 D

Stay in my mi. . . . .ind
