

Life Is Long

David Byrne

C **G** **F** **C**
Everybody says that the living is easy
C **G** **F** **C**
I can barely see 'cause my head's in the way
C **G** **F** **C**
Tigers walk behind me- they are to remind me that
C **G** **F** **C**
I'm lost- but I'm not afraid

C **G** **F** **C**
Soul to soul- A kiss and a sigh
C **G** **F** **C**
Sawed in half- by the passage of time
C **G** **F** **C**
Halfway home- from a window you see
C **G** **Bm** **F**
Chains and bars- but I am still free

People on the outside- I remember sweet times
This old rose- is always in bloom
Everybody's happy- to be a baby daddy
Stone love- with nothing to lose

Life is long- if you give it way
So stay, don't go- 'cause I'm fading away
Soul to soul- between you and me
Chain me down- but I am still free

Now I can say- those three little words
And every day- I'm dreaming a world
Soul to soul- a kiss and a sigh
Holding back- the waters outside.

Life is long- if you give it away
So stay, don't go- 'cause I'm fading away
Soul to soul- between you and me
Chain me down- but I am still free
