

Gm

Better make you his wife

Bb

F

And he better believe he s a lucky guy

You wanted a song well here s one for you

Nobody will know except for us two

Don t ask me about it

Cuz I won t tell the truth

Just know that there s someone

Thinking of you

You make me feel

Something I wish wasn t real at all

Chorus

You were never mine to begin with...

So we can t be together

Can t really be friends

We can t be lovers

And we can t pretend

Oh that boy in your life

Better make you his wife

And he better believe he s a lucky guy
