

C **Em**
Oh girl, what happened to our love
D **G**
That we've been missing oh girl

G **D**
Do You remember all the letters that you sent to me
Em **D**
I still keep them locked up, inside my drawer
G **D**
Oh how I wish we could go back to how it used to be
Em **D**
I know there's more to you that I, could discover
C **D**
Could we light, the fire again
Em **G**
And make it shine brighter than ever
C
Girl are you hearing what I mean
C
Are you hearing what I mean
D
It should be like that forever oh yea

[Go To Chorus]

Em
Oh, right now
Em **D**
I don't care about anything other than us
C
Cause it's about us
C **D**
Oh, it's about us, it's about us baby about us
Em
It's not that our love is gone
D
We just stopped, being strong
C **C**
So if we hold on, we can make it through
D
And love like we used to do

[Go To Chorus] **A E F#m E D A E**

That we've been missing...
That we've been missing...
