

Avalanche

David Cook

F Am C G
I feel alive beside you, and all at once, I am whole again

F Am C G
We fall into each other, your atmosphere is all im breathing in

D F (strum once) G (strum once)
And in this rush, we are crushed

C G
Carry me down, rolling in your arms,

Am G F
cuz I cant remember every falling this hard

G C G
Tell me tonight, all that we have been

Am G D
Was it nothing more than noise inside my head

F G
Crashing down, crashing down,

F Am C G
In your avalanche, in your avalanche

F Am C G
These scars we wear remind us, the more we change the more weâ€™re all the same

F Am C G
Swept up in this emotion, we fumble through and make the same mistakes

D F G
Cuz we are lead, to the edge

C G
Carry me down, rolling in your arms,

Am G F
cuz I cant remember ever falling this hard

G C G
Tell me tonight, all that we have been

Am G D
Was it nothing more than noise inside my head

F G
Crashing down, crashing down,

C G Am G D
In your avalanche

F G
Crashing down, crashing down,

C G Am G
Carry me down, rolling in your arms, cuz I cant remember ever falling this
