THOUSAND ROADS- David Crosby

E (w RIFF)
I used to walk around with my eyes on fire
My nerves real close to my skin
Had a fist full of questions and a brand on my cheek
We would skate where the ice got thin

CHORUS #1:

G#/F# G# **Eb** **Bb** (Em11)
And the smoke blowin down from a cabin on the hill
G# **Eb** **Bb** (Em11)
And smoke blowin down in the street
G# **Eb** **Bb** (Em11)
Some kind of sweet smelling mystical backdrop
G# **Eb** **Bb**
To the story unfolding at my feet

Now there s an edge to the twister I throw back in the air
There s an edge to the twist of the knife
There s a hard heart of darkness hovering there
Just around the corner from life

CHORUS #2:

And I, I have no answers
I got no patented path to set you free
Besides, I wouldn t know where you wanted to go
And it s probably not the same place as me

Now there s a thousand roads up this mountain
You can get lost in a minute if you try
And it s probably enough that I was just laughing today
And looking this close in your eye

CHORUS #3:

I said there s a thousand roads up this mountain, yeah
You can get lost in a minute if you try
It s probably enough that I was just laughing today

Looking this close in your eye

In your eye
In your eye
