THOUSAND ROADS- David Crosby

E (w RIFF)  
I used to walk around with my eyes on fire  
My nerves real close to my skin  
Had a fist full of questions and a brand on my cheek  
We would skate where the ice got thin

CHORUS #1:

**A/F# A** **E** **B** (Em11)  
And the smoke blowin down from a cabin on the hill  
**A** **E** **B** (Em11)  
And smoke blowin down in the street  
**A** **E** **B** (Em11)  
Some kind of sweet smelling mystical backdrop  
**A** **E** **B**  
To the story unfolding at my feet

Now there s an edge to the twister I throw back in the air  
There s an edge to the twist of the knife  
There s a hard heart of darkness hovering there  
Just around the corner from life

CHORUS #2:

And I, I have no answers  
I got no patented path to set you free  
Besides, I wouldn t know where you wanted to go  
And it s probably not the same place as me

Now there s a thousand roads up this mountain  
You can get lost in a minute if you try  
And it s probably enough that I was just laughing today  
And looking this close in your eye

CHORUS #3:

I said there s a thousand roads up this mountain, yeah  
You can get lost in a minute if you try  
It s probably enough that I was just laughing today

Looking this close in your eye

In your eye

In your eye
