

Stars

David Crowder*Band

(CAPO 4TH FRET)

G **C2**
You should see the stars tonight
G **C2**
How they shimmer n shine so bright
G **C2**
Against the black the look so white
G **C2**
Coming down from such a height
D
to reach me now
C2
to reach me now

G **C2**
You should see the moon in flight
G **C2**
cutting across the misty night
G **C2**
softly dancing in sunshine
G **C2**
reflections of its light
D **C2**
reach me now, reach me now

CHORUS:

D
How could such a thing
C2
shine its light on me
D
and make everything
C2
beautiful again?

You should feel the sun in spring
coming out after a rain
suddenly all is green
sunshine on everything
I can feel it now, I can feel You now

And how could such a thing
shine its light on me
and make everything beautiful?

And you should hear the angels sing
all gathered round their King
more beautiful than you could dream
I've been quietly listening
I can hear 'em now, I hear 'em now
