x04035 **A7sus**
3x4035 **G7**

The verse and the choruses are played in the order Bm, A7sus, G7 and never changes.. You are supposed to play the song by fingerpicking.. I think it sounds good just picking around wherever.. When David plays this at my church he ends each line with the fill:

	8th	16ths	quarter		8th	16ths	quarter	
E-----								
B-----			3-----				3-----	
G-----			0-----				0-----	
D-----		4-----				4-----		
A-----				0-----				
E-----	3-----							

and if you go from this song into Cry Mercy (which is what he and my worchip leader usually do) the last chord you play is 024035 like the Bm except with an open E.. Here we go... remember fingerpicking..
