I Would Have Gone And Loved You Anyway David Fonseca Awesome song as part of David Fonsecas first part of his seasons albums. Has a very summer feel to it and I couldn t figure out the chords for the longest time, really simple and a fun song to sing. Intro: Dm, C, F Verse: Dm, C, F Chorus: Bb, C, F Dm C F It sounded just like a love affair Dm We wrote it in touch screens С \mathbf{F} All those things that you made me swear Dm You meant it though, F "You'll make it happen. When will we go?― Dm But your words got lost in laughter С F I let you down but you should know вb We were together С F Why do we always hurt the ones we love? Вb

If only I had a chance C F Yeah I would be the first to let you know Bb Now can you still hear me? C F I would have gone and loved you anyway Bb Across those darkest hours C F If I could only bring you back again

And I could tell there was something wrong, You were drawing by numbers I called you earlier but your phone was off So while the world was waiting, You were already miles away from home Running as fast as you could, I guess there was nothing no one could've done

We were together Why do we always hurt the ones we love? If only I had a chance Yeah I would be the first to let you know Now can you still hear me? I would have gone and loved you anyway Across those darkest hours If I could only bring you back again To be with you again
