Go To Hell
David Ford

Very easy song to play...

David Ford - Go To Hell

D   G   A
  I never treated you so mean
  Like thatâ€™s a reason to be proud
  My love I know its been so long
  But I thought that Iâ€™d just call around
  And with that smile that says
  Yeah well I knew youâ€™d wait for me
  I can hear you say
  The day I fall down on your feet

     D/fis **G A**
Go to hell   (2x)

D   G   A (2x)

D   G   A
  Well Iâ€™ll thank you for your understanding
  I wonâ€™t be long
  And for the things around the house
  you left unthrown
  And hey I know itâ€™s been so long
  but I thought Iâ€™d call
  I just come crawling back in time
  to hear to you say

     D   G A
Go to hell
     D   G A
Just go to hell
     Em   Fism
Go to hell My sweet indecision
         G   **A**
Do you think Iâ€™d wait around for you?
       Em   Fism
Just go to hell Cause I donâ€™t deserve you
       G   **A**
You donâ€™t deserve this And tell me Hey!
